MODERN SLAVERY

Spoke Ink Limited (trading as Whoosh Media) recognises the Modern Slavery Act 2015 and the need for Businesses, as required by the Modern Slavery Act 2015, to ensure that there is transparency in their supply chains to help identify issues which may contribute to this unfortunate issue.

Although Whoosh Media does not meet the requirements of the Act to produce a public statement, we do believe that Modern Slavery affects every Business, regardless of size and status, and in-order to abide by our own ethical and moral values, we wish to assist with this where reasonably practicable to do so, which in turn, may assist our clients' commitments or objectives by seeking clarity from us as a supplier.

As such, Whoosh Media aims to raise staff awareness of this Act amongst our Employees.

We will continue to conduct regular internal Health, Safety, Environmental, Information Security, and Quality Audits, to ensure our own Employees are working in a Safe and Secure Environment.

We will also work with our suppliers, both new and existing, by requesting copies of their Modern Slavery Policies and Statements and, where available, shall review this information and, if able, will pass this to our Clients, should such a request be made.
